CHECKLIST FOR AN PUBLIC CONVENIENCE OR NECESSITY DETERMINATION

A Public Convenience or Necessity determination is required when the Alcoholic Beverage Control Board of the State of California (ABC) finds that there is an oversaturation of alcohol beverage outlets in a particular census tract. State law prohibits ABC from issuing or transferring alcohol licenses in areas that are determined to be oversaturated, unless the local governing body finds that the public interest is served and issues a Public Convenience or Necessity determination. A Public Convenience or Necessity determination may be granted by the City Council after conducting a public meeting.
