About the Explorer Program

Fire Exploring offers youth of the community between the ages of 16 and 21 the opportunity to participate in a program that provides training; both classroom and manipulative in fire service related topics. Upon completion of different levels of training Explorers may participate in some or all of the following:

- Assist with Fire Prevention programs
- Assist with Public Relations or Public Education programs
- Ride as an observer on fire apparatus to emergency incidents
- Perform a variety of community service related projects

Fire Exploring is a very disciplined program requiring a lot from those participating. Fire District professionalism standards must be met and maintained. Explorers must adhere to grooming standard, attend all meetings and Saturday trainings, and if in school, a 2.75 GPA must be maintained with no grade lower than “C”.

How to Become an Explorer

Step 1

Complete an Interest Form and submit it to the District’s Administrative Office. Typically, recruitment for new members is conducted once a year in the summer or fall. Letters are mailed to those on the Interest List inviting them to participate in the recruitment process.

Step 2

Potential candidates who receive a letter inviting them to apply, should accurately and completely fill out the application and any supplemental questionnaire(s) by the deadline.

Step 3

Applicants will be selected to participate in an oral interview. The interview panel will consist of Explorers and/or Explorer Advisors.

Step 4

Candidates that pass the interview process will be invited to participate in a physical abilities test. The physical abilities test consists of tasks such as a timed run, sit-ups, push-ups, pull-ups, etc.

After successful completion of all testing phases, the candidate will be invited to join the Post.

Fire Explorer Post 540 Interest Form

If you feel you can meet the challenge, we welcome you to fill out this interest form, detach it and return it to:
